Horse Power (HP): 1/4

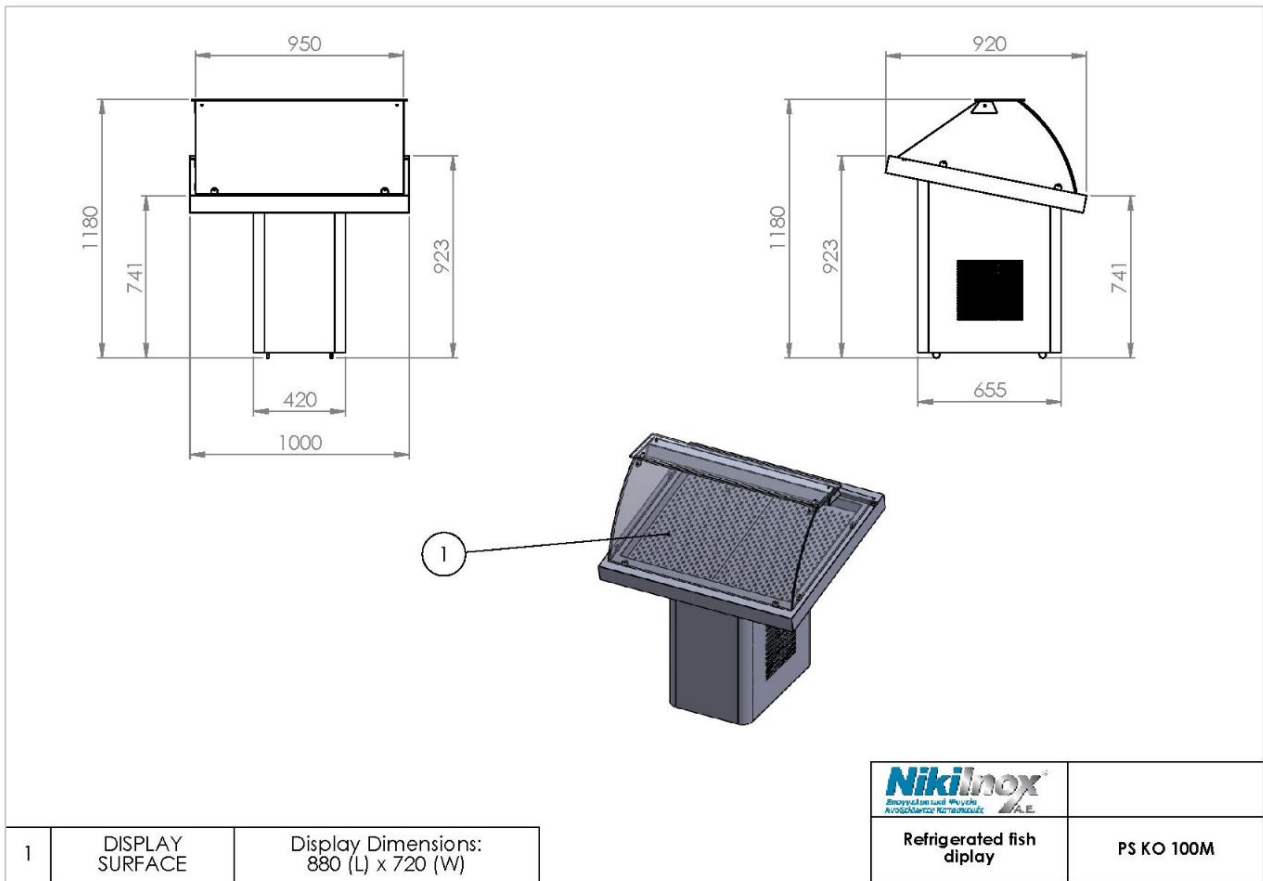

Volume (m3): 1.08

Product Description

This fish display case with a static cooling refrigeration unit is perfect for the presentation and preservation of fresh seafood in stores, restaurants, and fish markets. Equipped with a powerful static cooling system, it ensures consistent and reliable cooling, maintaining the freshness of your products for extended periods. The integrated drainage system allows for easy water removal, ensuring a clean and hygienic display environment. Its robust wheels provide easy mobility, allowing for flexible positioning within your space. Constructed from stainless steel 304, it offers excellent durability, corrosion resistance, and ease of cleaning.
